US Appeals Court says CFPB funding is unconstitutional protocol Oct 05 2022 Oct 20 2022 Congress did not merely cede direct control over the bureau's budget by insulating it from annual or other time-limited appropriations. The panel wrote it also ceded indirect control by providing that the bureau's self-determined funding be drawn from a source that is itself outside the appropriations process.

Control Panel Windows Wikipedia Mar 18 2021 The control panel is a component of Microsoft Windows that provides the ability to view and change system settings. It consists of a set of applets that include adding or removing hardware and software controlling user accounts, changing accessibility options, and accessing networking settings. Additional applets are provided by third parties such as audio and video drivers.
