This is why you remain in the best website to see the amazing books to have.

The AI Advantage Sep 23 2021 Cutting through the hype, a practical guide to using artificial intelligence for business benefits and competitive advantage. In The AI Advantage, Thomas Davenport offers a guide to using artificial intelligence in business. He describes what technologies are available and how companies can use them for business benefits and competitive advantage. He cuts through the hype of the AI craze—remember when it seemed plausible that IBM's Watson could cure cancer?—to explain how businesses can put artificial intelligence to work now, in the real world. His key recommendation: don't go for the “moonshot” (curing cancer, or synthesizing all investment knowledge); look for the “low-hanging fruit” to make your company more efficient. Davenport explains that the business value AI offers is solid rather than sexy or splashy. AI will improve products and processes and make decisions better informed—important but largely invisible tasks. AI technologies won't replace human workers but augment their capabilities, with smart machines to work alongside smart people. AI can automate structured and repetitive work; provide extensive analysis of data through machine learning (“analytics on steroids”), and engage with customers and employees via chatbots and intelligent agents. Companies should experiment with these technologies and develop their own expertise. Davenport describes the major AI technologies and explains how they are being used, reports on the AI work done by large commercial enterprises like Amazon and Google, and outlines strategies and steps to becoming a cognitive corporation. This book provides an invaluable guide to the real-world future of business AI. A book in the Management on the Cutting Edge series, published in cooperation with MIT Sloan Management Review.

The Agility Advantage Mar 18 2021 How to win market leadership in a fast-changing world In the past, companies could pick a strategy and stick with it, maintaining a competitive edge for years. But today, companies surge ahead, fall behind, or even disappear in mere months. If you and your company are going to thrive for the long run, you need to continuously evolve, change, and stay a step ahead of your competition. The ability to see and capitalize on new opportunities is the cornerstone of agility. Successful technology-based firms like Google, Tesla, and Amazon have all mastered agility within their core business practices, but companies in any sector can—and must—learn to spot new opportunities and make the right choices about what to invest in, what to change, and what to abandon. The Agility Advantage first shows how to identify those aspects of your business where agility is most crucial—where the business environment is changing fast—and which elements have the greatest impact on the customer’s decision to buy. Amanda Setili then shows how to
master the three components of agility: Market agility: Gain ideas from your most demanding and forward-thinking customers and from outside your industry. Engage, observe, and mix with customers to identify the opportunities created by their changing demands. Decision agility: Anticipate the changes that may affect you and turn even troubling trends into opportunities. Design your strategy to maximize learning and to manage risk. Generate diverse alternatives and make fast, fact-based decisions about which to pursue. Execution agility: Build new capabilities, shed what doesn’t fit, and take the first steps in a new direction. Experiment, then reinforce and build on what works. Enlist and inspire your organization around a compelling purpose and grant employees the autonomy and resources to continuously adapt and adjust course. The future will present more opportunities but narrower windows to capture them. With a wealth of valuable information and practical strategies, The Agility Advantage is essential reading to help any organization adapt and thrive—both today and tomorrow.

Creating Competitive Advantage Jul 10 2020 The economic environment is global, highly sophisticated and in continuous fast flux. The challenge for business leaders, executives and strategists is to read and respond agilely to trends and underlying movements to stay ahead of dynamic market flow and change. Creating Competitive Advantage sets out a compelling case for the business benefits of better market anticipation, and provides tools and approaches to develop a forward-looking strategy that will deliver these. Through theory, case studies and practical insights, the book demonstrates how better analysis of market trends and scanning of the environment combined with business model change and confident leadership can gain and maintain competitive advantage. With the right approach, game-changing strategy can be highly accessible for all business strategists and owners, rather than as today, the almost exclusive reserve of a few brave and instinctive entrepreneurs. With tools, assessments, and models to get more value out of the business data you already have and take your strategy to the next level through analytically-supported intuition, Creating Competitive Advantage gives business leaders and strategists the toolkit to move from a responsive mindset to a leading one.

The Advantage Oct 25 2021 There is a competitive advantage out there, arguably more powerful than any other. Is it superior strategy? Faster innovation? Smarter employees? No, New York Times best-selling author, Patrick Lencioni, argues that the seminal difference between successful companies and mediocre ones has little to do with what they know and how smart they are and more to do with how healthy they are. In this book, Lencioni brings together his vast experience and many of the themes cultivated in his other best-selling books and delivers a first: a cohesive and comprehensive exploration of the unique advantage organizational health provides. Simply put, an organization is healthy when it is whole, consistent and complete, when its management, operations, and culture are unified. Healthy organizations outperform their counterparts, are free of politics and confusion and provide an environment where star performers never want to leave. Lencioni’s first non-fiction book provides leaders with a groundbreaking, approachable model for achieving organizational health—complete with stories, tips, and anecdotes from his experiences consulting to some of the nation’s leading organizations. In this age of informational ubiquity and nano-second change, it is no longer enough to build a competitive advantage based on intelligence alone. The Advantage provides a foundational construct for conducting business in a new way—one that maximizes human potential and aligns the organization around a common set of principles.

How to Take Advantage of the People Who Are Trying to Take Advantage of You May 08 2020 SUPERANNO In this book, you’ll find entertaining descriptions of major economic industries like credit cards, banks, auto dealers, real estate companies, the government, and more with fifty great ways to capitalize on the system. Morse suggests clever, time-tested, and legal techniques to help you attain over $100,000
in savings and earnings and maximize the financial benefits from companies you already do business with. Original.

Presentation Advantage Jun 20 2021 The average attention span of an adult is eight seconds—eight seconds! That is tough news for a presenter. It means you may have a room full of people, but their minds are elsewhere. You’re competing with a slew of activities demanding their attention—emails, texts, Facebook, YouTube, chats, and apps, in addition to thoughts about their next meeting and projects that are behind schedule. How do you get a message across in a world like that? The inability to powerfully inform and persuade amid an unprecedented number of distractions is one of the greatest hidden and pervasive costs of the twenty-first-century workplace. Learn to connect with your audience, and you’ll stop having unproductive meetings and wasted time. In Presentation Advantage, FranklinCovey outlines its "Connect Model," the mental model that allows you to connect with the message, yourself, and the audience during any presentation by: Structuring relevant and purpose-driven messages Understanding how our brains best synthesize and remember key information Using visuals such as PowerPoint to inspire instead of torture your audience Aligning your message, body language, and tone of voice for a powerful delivery Whether to one person or one hundred, effective presenting is today's top business skill, and the experts at FranklinCovey help you master it. With the Presentation Advantage, you can deliver dynamic, compelling, and truly effective presentations every time.

The Unfair Advantage Jul 02 2022 The winner of the UK's Business Book of the Year Award for 2021, this is a groundbreaking exposé of the myths behind startup success and a blueprint for harnessing the things that really matter. What is the difference between a startup that makes it, and one that crashes and burns? Behind every story of success is an unfair advantage. But an Unfair Advantage is not just about your parents' wealth or who you know: anyone can have one. An Unfair Advantage is the element that gives you an edge over your competition. This groundbreaking book shows how to identify your own Unfair Advantages and apply them to any project. Drawing on over two decades of hands-on experience, Ash Ali and Hasan Kubba offer a unique framework for assessing your external circumstances in addition to your internal strengths. Hard work and grit aren't enough, so they explore the importance of money, intelligence, location, education, expertise, status, and luck in the journey to success. From starting your company, to gaining traction, raising funds, and growth hacking, The Unfair Advantage helps you look at yourself and find the ingredients you didn't realize you already had, to succeed in the cut-throat world of business.

The Empathy Advantage Mar 06 2020 We live in a time when empathy is not only lacking but on the decline. Kids are bullied because of the color of their skin, religion, culture, a disability and more. Bullying and cyberbullying are increasing, especially for black and brown kids, LGBT youth, and Jewish and Muslim youth. Fueled by decreases in respect, kindness, and compassion, the house is on fire! Empathy may be not be a cure-all, but just a little effort can transform a child into a more sensitive, caring human being. The good news is that empathy—the ability to “walk in someone else’s shoes”—can be taught. This book is all about teaching adults to teach empathy to kids. The payoff will last a lifetime. In this helpful guide, parents, caregivers and teachers are coached to help their children and students to develop social-emotional skills that will equip them to better navigate the world with self-compassion and empathetic concern. The Empathy Advantage is for the busiest parents and educators. It provides tips, strategies, online resources, and activities that are fun and engaging and take just 10 to 20 minutes. It emphasizes the importance of starting early, being good role models, spending quality face-to-face time together, and more. It will help readers understand the dynamics of bullying and teach children to stand up not only for themselves but others. And it explores other topics including managing media in the
home, the value of pets in inculcating empathy, active listening, and self-compassion – i.e. being as forgiving and kind to yourself as you would to a friend.

The Sales Advantage Jan 16 2021

Iconic Advantage Sep 11 2020 Modern business gurus all cry for the need to innovate, to disrupt, and to act like a startup. It’s hard to argue with that kind of thinking. It’s sexy and exciting. But it’s wrong. Too many businesses become enamored by shiny new objects and end up overlooking the value locked away in their existing products. Maybe your business is one of them. Iconic Advantage® is a different approach that allows companies to leverage what they already have to create lasting differentiation and deeper relationships with their customers. It generates disproportionate levels of profit and protects you against market fluctuations. Many of the world’s most successful brands have been using it for years. Now, you can benefit from reaching iconic status, whether you’re a Fortune 500, local pizza parlor, or an aspiring Unicorn startup. “Soon has an uncanny ability to take mysteries and turn them into heuristics. He’s done it on innovation and design, and now with Iconic Advantage.”—Roger Martin, author of Playing to Win and Former Dean of the Rotman School of Business “This book explains why some brands are built to last and others seem doomed to perish. It’s a framework that every marketer can put into play right away.”—Adam Grant, New York Times bestselling author of Give and Take, Originals, and Option B with Sheryl Sandberg

The Attacker’s Advantage Dec 03 2019 The phenomenon of uncertainty is not new; what is new is its intensity and potential to change industries and destroy companies. Business leaders can be on the defensive, or they can be on offense, prepared to lead decisively. The ability to deal with uncertainty is perhaps the paramount skill leaders must have to be successful in this era. Without it they risk becoming personally obsolete and driving their companies off a cliff. In The Attacker's Advantage, renowned business expert and bestselling author Ram Charan shows what skills are needed to be able to spot the disruption that is coming, and what actions are necessary to take advantage of these changes. While many leaders know how to cope with operational uncertainty—when, for example, revenue fluctuates—the same cannot be said for dealing with structural uncertainty that can alter the money-making patterns of a company, industry or entire economic sector. Charan demonstrates the huge upside offered by structural uncertainty and provides the concepts and tools—such as being able to spot the catalysts of disruption, building organizational preparedness, developing a financial understanding of the consequences—to take advantage of forces that are creating new customer needs, market segments and ways to make money. Uncertainty is now ubiquitous. The sources of structural change are so varied and fast moving, and their convergence so unpredictable. Digitization and the integration of technologies through software and hardware has already impacted many businesses, but much more is to come. With his unparalleled ability to cut through complexity and provide workable solutions, Ram Charan provides his readers with the ability to anticipate and deal with the biggest threats facing their business.

Asymmetric Advantage Oct 01 2019 Focus. Consistency. Imperfection. The list of attributes needed for the leader of a startup to succeed is shorter than you may think. A clear focus will help you stay on track, and consistency—in mindset and follow-through—is crucial. But it's the ability to forgo perfection when needed that separates the prosperous leaders from their peers. The courage to take a risk when the potential pay-off is right, no matter what others in your shoes would do, is how your company grows by leaps and bounds. If you want to lead the pack, you have to understand what makes you unique. In Asymmetric Advantage, business transformation expert Jason Van der Schyff reveals the mindset you need to make an impact as a startup leader. He shares the strategies that have helped him hit goals and get the job done right, no matter the industry he was in or the title he held. Learn how to get comfortable being uncomfortable from someone who stood where
you're standing. With straightforward advice and examples from Jason's own experiences, this book is the ultimate resource for leaders who want to change their perspective and transform their business.

**The End of Competitive Advantage** Oct 05 2022 Argues that sustainable competitive advantage can no longer be the Holy Grail for companies due to a constantly changing environment, and offers a new set of principles for winning in a volatile and uncertain marketplace.

**Beyond Competitive Advantage** Mar 30 2022 Every company needs a unique and insightful corporate theory to sustain value-creating growth. Such a theory, if done right, should help guide decisions about what assets and activities to pursue, what investments to make, and what strategies to adopt. It's not easy, though, because the process is rife with pitfalls and tradeoffs. Strategy professor Todd Zenger provides the details of the components of a great corporate theory and helps readers reconcile the problems they'll face in pursuing the key activities of growth. Beyond Competitive Advantage provides guidance to the thoughtful strategic leader or the manager tasked with developing strategies for sustaining value and creating growth.

**Summary:** *The End of Competitive Advantage* Jan 04 2020 The must-read summary of Rita Gunther McGrath's book: "The End of Competitive Advantage: How to Keep Your Strategy Moving as Fast as Your Business". This complete summary of the ideas from Rita Gunther McGrath's book "The End of Competitive Advantage" shows that maintaining a competitive advantage in today's dynamic and ever-changing marketplace is no longer the best business strategy. The author explains that companies must find a way to build and exploit successive transient advantages and become more customer-centric and less industry-bound, in order to give the business the best chance of success. Added-value of this summary: - Save time - Understand the key concepts - Expand your business knowledge To learn more, read "The End of Competitive Advantage" and discover the key to maintaining a competitive advantage in today's marketplace.

**Living with the Advantage** Feb 03 2020 Let this book show you how to master your human spirit, overcome liabilities and weaknesses, eliminate excuses and make better decisions. You will wonder how you ever made it without engaging the Holy Spirit in all areas of your life. Remember your Advantage is not just for church or religious life, but He is your wisdom and guide in all areas of life; relationships, finances, career decisions, parenting, choosing a spouse, choosing a school, real estate, business, dreams and visions, buying a car, investments, health and wellness, in other words EVERYTHING.

**Cumulative Advantage** Apr 30 2022 We live in a world where being "great" may not be enough. We need momentum. From the best-selling author of "KNOWW" and "Marketing Rebellion" comes a practical guidebook to building unstoppable momentum for your ideas and your business -- even when the odds seem stacked against you. Filled with motivating ideas and fascinating case studies, "Cumulative Advantage" is an indispensable and practical source of inspiration for the entrepreneur, business leader, and every person with a dream that's ready to take flight. You will learn: - How the initial advantage that drives momentum comes from everyday ideas. - The inside secrets of creating vast awareness for your projects. - How to nurture powerful connections that lead to break-through opportunities. - Why momentum is driven by the speed, time, and space of a "seam." - How the "certainty of business uncertainty" can be used to your advantage. Mark Schaefer weaves decades of research and revealing expert views into an entertaining guide to building momentous success in the real-world. You'll never view the world the same way again after learning how initial advantages, seams of opportunity, sonic booms, and the lift from mentors can impact your world in powerful and permanent ways. Get ready to make Cumulative Advantage work for you and your ideas right now!

**Where to Stash Your Cash ... Legally, Second Edition** Aug 11 2020
Great films, recordings, books, websites, video games, advertisements, and live performances don't happen by accident. They are often the result of innovative creators working on small, well-balanced teams and paying close attention to the needs of audiences. This is the approach advocated by Lean Media, an innovative framework and toolset for media managers and creative professionals. Anyone working in media knows how tough it is for a new release to get traction. The failure rate for entertainment and informational media is staggeringly high—some two-thirds of new TV shows will not be renewed for a second season, and in the marketplace for books, recorded music, and video games, the failure rate is even higher. The industry has been upended by digital platforms, new business models, and changing audience preferences, making it extremely difficult to develop and launch successful media. Lean Media can give teams an edge. Using examples and easy-to-understand best practices, author and media veteran Ian Lamont describes how new ventures and established teams can leverage Lean Media to eliminate waste, focus creativity, and better understand their audiences. For individuals who make media, founders of media ventures, and media professionals working in experienced teams, the Lean Media book explains how to streamline processes, lower costs, reduce the risk of failure, and ultimately create media that matters. All kinds of media professionals can leverage the framework, including: * Filmmakers * Publishers * Broadcasters * Authors * Journalists * Graphic designers * Website operators * Recording artists * Videogame designers * Copywriters * Creative directors * Performance artists In an industry that has been upended by digital platforms and new business models, the Lean Media framework provides a new approach to innovation that reduces costs and risk while boosting the chances of making media that audiences love.

Competitive Intelligence Advantage Feb 14 2021 A practical introduction to the necessity of competitive intelligence for smarter business decisions—from a leading CI expert and speaker In Competitive Intelligence Advantage, Seena Sharp, founder of one of the first Competitive Intelligence firms in the US, provides her expert analysis on the issues and benefits of CI for today's businesses. CI is critical for making smarter business decisions and reducing risks when formulating strategies, leading to more profits and fewer mistakes. This is a practical guide that explains what CI is, why data is not intelligence, why competitor intelligence is a weak sibling to competitive intelligence, when to use it, how to find the most useful information and turn it into actual intelligence, and how to present findings in the most convincing manner. Importantly, Sharp argues that businesses would benefit from shifting their perspective on CI from viewing it as a cost to viewing it as an investment that saves money and provides immediate value. Author Seena Sharp is a noted CI expert who established Sharp Market Intelligence in 1979. Addresses all the most common myths and misconceptions about CI Includes more than sixty examples of when to use CI Completely explains the ins and outs of CI, and why your company will act faster and more aggressively with CI Competitive intelligence is a management tool that is misunderstood and underestimated, yet results in numerous benefits. If you are a senior level executive or operate a business—and you aren't tapping the power of CI to improve your decision making—you are missing a potent advantage.

The Smile Advantage Oct 13 2020

The Introvert Advantage May 20 2021 At least one out of four people prefers to avoid the limelight, tends to listen more than they speak, feels alone in large groups, and requires lots of private time to restore their energy. They're introverts, and here is the book to help them boost their confidence while learning strategies for successfully living in an extrovert world. After dispelling common myths about introverts—they're not necessarily shy, aloof, or antisocial—The Introvert Advantage explains the real issues. Introverts are hardwired from birth to focus inward, so outside stimulation—chitchat, phone calls, parties, office
meetings can easily become "too much." The Introvert Advantage dispels introverts' belief that something is wrong with them and instead helps them recognize their inner strengths—their analytical skills, ability to think outside the box, and strong powers of concentration. It helps readers understand introversion and shows them how to determine where they fall on the introvert/extrovert continuum. It provides tools to improve relationships with partners, kids, colleagues, and friends, offering dozens of tips, including 10 ways to talk less and communicate more, 8 ways to showcase your abilities at work, how to take a child's temperament temperature, and strategies for socializing. Finally, it shows how to not just survive, but thrive—how to take advantage of the introvert's special qualities to create a life that's just right for the introvert temperament, to discover new ways to expand their energy reserves, and even how, when necessary, to confidently become a temporary extrovert.

Network Advantage Jul 30 2019 Explains why and how you can seize the benefits from your business's network of alliances with customers, suppliers and competitors. This network can provide three key advantages: superior information; better cooperation; increased power. The book shows how awareness of these three advantages can help align your portfolio of alliances with your corporate strategy to maximize advantages from existing networks and to position your business as an industry leader. Based on groundbreaking research and illustrative cases, the book provides practical tools to help you think strategically about reconfiguring your alliances and partnerships. For business executives, consultants, and executive MBAs who want to get the most advantage from the combined power of their alliance portfolios, this book offers in-depth, practical guidance.

The Employee Experience Advantage May 27 2019 Research Shows Organizations That Focus on Employee Experience Far Outperform Those That Don't Recently a new type of organization has emerged, one that focuses on employee experiences as a way to drive innovation, increase customer satisfaction, find and hire the best people, make work more engaging, and improve overall performance. The Employee Experience Advantage is the first book of its kind to tackle this emerging topic that is becoming the #1 priority for business leaders around the world. Although everyone talks about employee experience nobody has really been able to explain concretely what it is and how to go about designing for it...until now. How can organizations truly create a place where employees want to show up to work versus need to show up to work? For decades the business world has focused on measuring employee engagement meanwhile global engagement scores remain at an all time low despite all the surveys and institutes that been springing up tackle this problem. Clearly something is not working. Employee engagement has become the short-term adrenaline shot that organizations turn to when they need to increase their engagement scores. Instead, we have to focus on designing employee experiences which is the long term organizational design that leads to engaged employees. This is the only long-term solution. Organizations have been stuck focusing on the cause instead of the effect. The cause is employee experience; the effect is an engaged workforce. Backed by an extensive research project that looked at over 150 studies and articles, featured extensive interviews with over 150 executives, and analyzed over 250 global organizations, this book clearly breaks down the three environments that make up every single employee experience at every organization around the world and how to design for them. These are the cultural, technological, and physical environments. This book explores the attributes that organizations need to focus on in each one of these environments to create COOL spaces, ACE technology, and a CELEBRATED culture. Featuring exclusive case studies, unique frameworks, and never before seen research, The Employee Experience Advantage guides readers on a journey of creating a place where people actually want to show up to work. Readers will learn: The trends shaping employee experience How to evaluate their own employee experience using the Employee Experience Score What the world's leading
organizations are doing around employee experience.
How to design for technology, culture, and physical spaces.
The role people analytics place in employee experience.
Frameworks for how to actually create employee experiences.
The role of the gig economy.
The future of employee experience.
Nine types of organizations that focus on employee experience.
And much more!
There is no question that engaged employees perform better, aspire higher, and achieve more, but you can't create employee engagement without designing employee experiences first. It's time to rethink your strategy and implement a real-world framework that focuses on how to create an organization where people want to show up to work. The Employee Experience Advantage shows you how to do just that.

The Purpose Advantage
Jan 28 2022
In today's noisy market where people have instant access to nearly everything, quality products and services are no longer enough to differentiate your company or organization--your brand--from the competition. What a brand stands for, and the actions it takes to prove it, can provide a necessary memorability consumers draw on when they make purchasing decisions. From interviews with CEOs from some of the most purpose-driven brands today, to a step-by-step workshop on finding your own brand's reason for existing beyond profit, The Purpose Advantage explores how standing for something more than just the bottomline is a powerful way to connect to modern consumers--building brand love and loyalty in the process.

Creating Competitive Advantage
Jun 28 2019
Why should I do business with you... and not your competitor? Whether you are a retailer, manufacturer, distributor, or service provider – if you cannot answer this question, you are surely losing customers, clients and market share. This eye-opening book reveals how identifying your competitive advantages (and trumpeting them to the marketplace) is the most surefire way to close deals, retain clients, and stay miles ahead of the competition. The five fatal flaws of most companies: • They don’t have a competitive advantage but think they do • They have a competitive advantage but don’t know what it is--so they lower prices instead • They know what their competitive advantage is but neglect to tell clients about it • They mistake “strengths” for competitive advantages • They don’t concentrate on competitive advantages when making strategic and operational decisions
The good news is that you can overcome these costly mistakes – by identifying your competitive advantages and creating new ones. Consultant, public speaker, and competitive advantage expert Jaynie Smith will show you how scores of small and large companies substantially increased their sales by focusing on their competitive advantages. When advising a CEO frustrated by his salespeople’s inability to close deals, Smith discovered that his company stayed on schedule 95 percent of the time – an achievement no one else in his industry could claim. By touting this and other competitive advantages to customers, closing rates increased by 30 percent--and so did company revenues. Jack Welch has said, “If you don’t have a competitive advantage, don’t compete.” This straight-to-the-point book is filled with insightful stories and specific steps on how to pinpoint your competitive advantages, develop new ones, and get the message out about them.

The Playmaker's Advantage
Dec 15 2020
Discover the next frontier in sports training—improving your mental game, no matter your age or experience—and how to become the Playmaker, both in your professional and personal life. Coaches search for it. Parents dream of it. Fans love it. Athletes want it. The playmaker on any sports team possesses it: an elusive, intangible quality combining anticipation, perception, and decision-making skills. This quality raises their game above the competition and allows them to pass when no one else can, anticipate the movement of opponents, avoid costly mental mistakes, and ultimately, hold the team together. Now, for the first time, cognitive science research is revealing the secrets of the playmaker’s keen sense of awareness. Just as tests of speed, strength, and agility have provided a baseline of physiological biomarkers, coaches can now capture
cognitive metrics including attention, pattern recognition, anticipation, and the ability to take quick, decisive action during the chaos of competition. The Playmaker’s Advantage is a groundbreaking book that will educate athletes of all ages about this essential creative capability in an accessible, easy to understand method.

The Invisible Advantage Dec 27 2021 ** WINNER of BEST BUSINESS BOOK, International Book Awards ** Every purchased copy of the book includes access to the free downloadable Invisible Advantage Toolkit! Free Interview Guide: Get proven interview questions to engage key stakeholders in 1:1 discussions to assess culture and build momentum for change. 4. Free PDF Poster: Get a Large Format PDF Poster that you can print to help facilitate working sessions to design your own culture of innovation. 5. Free PowerPoint Template: Use the PowerPoint Template to define and communicate your current-state and future-state culture of innovation.

Collaborative Advantage Jun 08 2020 'Collaborative Advantage offers the perfect recipe for successful businesses that improve lives' -- Ben Cohen and Jerry Greenfield, co-founders of Ben and Jerry's 'A valuable contribution to the vital task of getting people to see the business world as a complex, interconnected ecosystem, rather than as a sharp-elbowed race to the bottom' -- Rory Sutherland, Vice-chairman of Ogilvy Group UK, and the Spectator's 'Wiki Man'. Strategic consultant and social entrepreneur Paul Skinner argues that we have now reached a turning point in history from which creating Competitive Advantage may no longer be in the best interests of an organization. He presents today's business and social challenges through a new strategic lens and offers this book as a practical guide to help you create Collaborative Advantage, transform your business and change the world. You will gain access to world-leading techniques to enable you to: · Mobilize staff, partners, collaborators and customers around a common purpose that gets everyone you need firmly on your side. · Foster improved innovation, reach more customers or beneficiaries, build greater loyalty, generate greater income and forge more ambitious partnerships. · De-couple your potential for growth from the level of resource your organization controls. This is an indispensable guide that will help you transform the growth of your business or the impact of your non-profit by bringing the fuller value-creating potential of the outside world inside your organization.

SUMMARY - The Invisible Advantage: How To Create A Culture Of Innovation By Soren Kaplan Aug 23 2021 * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will discover how to create and nurture the spirit of innovation in your company. You will also discover that: the secret to innovation lies in culture; innovation is the constant search for progress instead of focusing on a few breakthrough projects; a company evolves when it is welded around a strong and customer-focused mission; leaders need to lead by example, take the initiative and deliver positive messages; innovation is applied at all levels of the company, with clear objectives and indicators to measure them; employee training and development
are essential to unleash energies. What are the best processes and strategies for cultivating innovation in the company? If there is no ready-made formula, it is because it starts with culture, that fertile ground that allows ideas to bud. An organization on the move no longer looks for ways to become innovative; it is innovative by nature, and this can be felt at all times and at all levels. But to instill this collective dynamic, a conducive environment must be created. The Invisible Advantage's practical advice will help you get ready to take your company on a new path. The path of innovation! *Buy now the summary of this book for the modest price of a cup of coffee!

The Essential Advantage Aug 03 2022 Conventional wisdom on strategy is no longer a reliable guide. In Essential Advantage, Booz & Company's Cesare Mainardi and Paul Leinwand maintain that success in any market accrues to firms with coherence: a tight match between their strategic direction and the capabilities that make them unique. Achieving this clarity takes a sharpness of focus that only exceptional companies have mastered. This book helps you identify your firm's blend of strategic direction and distinctive capabilities that give it the "right to win" in its chosen markets. Based on extensive research and filled with company examples—including Amazon.com, Johnson & Johnson, Tata Sons, and Procter & Gamble--Essential Advantage helps you construct a coherent company in which the pieces reinforce each other instead of working at cross-purposes. The authors reveal: · Why you should focus on a system of a few aligned capabilities · How to identify the "way to play" in your market · How to design a strategy for well-modulated growth · How to align a portfolio of businesses behind your capability system · How your strategy clarifies growth, costs, and people decisions Few companies achieve a capability-driven "right to win" in their market. This book helps you position your firm to be among them.

Positioning for Advantage Nov 13 2020 Most of us have an intuitive sense of superior branding. We prefer to purchase brands we find distinctive—that deliver on some important, relevant dimension better than other brands. These brands have typically achieved positional advantage. Yet few professionals have had the formal training that goes beyond marketing theory to bridge the "theory-doing gap"—understanding the specific techniques and strategies that can be used to create brands that attain positional advantage in the marketplace. Positioning for Advantage is a comprehensive how-to guide for creating, building, and executing effective brand strategies. Kimberly A. Whitler identifies essential marketing strategy techniques and moves through the major stages of positioning a brand to achieve in-market advantage. Introducing seven tools—from strategic positioning concepts to strategy mapping to influencer maps—Whitler provides templates, frameworks, and step-by-step processes to build and manage growth brands that achieve positional advantage. This book presents real-world scenarios, helping readers activate tools to increase skill in creating brands that achieve positional advantage. Brimming with insights for students and professionals alike, Positioning for Advantage helps aspiring C-level leaders understand not only what superior branding looks like but also how to make it come to life.

Cumulative Advantage Sep 04 2022 At its essence, marketing today is about answering one question: "How can we be heard?" How can we rise above the din of infinite options to create sustainable meaning with an audience or group of customers? Following the old rules of digital engagement is not enough ... not nearly enough. Even being "great" is insufficient in the face of overwhelming competition redefining the limits of excellence every day. From the best-selling author of KNOWN and Marketing Rebellion comes a practical guidebook built for the modern world. Cumulative Advantage demonstrates how the world is stacked against us in big ways and small and provides new ideas to help us build the unstoppable momentum needed to rise above competitive barricades in business, in our careers, and in our lives. Filled with motivating ideas and fascinating case studies,
Cumulative Advantage is an indispensable and practical source of inspiration for every person with a dream that's ready to take flight. You will learn: -How the initial advantage that drives momentum comes from everyday ideas.-The inside secrets of creating vast awareness for your projects.-How to nurture powerful connections that lead to break-through opportunities.-Why momentum is driven by the speed, time, and space of a "seam."-How the "certainty of business uncertainty" can be used to your advantage.Mark Schaefer weaves decades of research and revealing expert views into an entertaining guide to building momentous success in the real-world. You’ll never view the world the same way again after learning how initial advantages, seams of opportunity, sonic booms, and the lift from mentors can impact your world in powerful and permanent ways. Get ready to make Cumulative Advantage work for you and your ideas right now!

The Reciprocity Advantage

Apr 18 2021

A powerful new kind of competitive advantage is now possible thanks to technological and social disruptions that are already occurring. These disruptions revolutionize how companies can partner to create new growth. The Reciprocity Advantage shares a model for creating that growth: define your right-of-way (the underutilized resources you already own that you can share with others), partner to do what you can’t do alone, experiment to learn, and scale the new business at low risk. Reciprocity and advantage are words that are not normally seen together, but reciprocity—giving now to get later—will become a normal part of winning in the future. The Reciprocity Advantage shows you how to leverage new forces like digital natives and cloud-served supercomputing now into massively scalable, profitable, incremental growth for your business. Provocative and pragmatic, leading ten-year forecaster Bob Johansen and experienced business developer Karl Ronn describe how to lean in to disruptions to create new growth for your business. They include actual cases showing early successes for a range of companies and nonprofits like IBM, Microsoft, Google, Apple, and TED. They then provide key exercises to define your promising new ideas and nurture them into healthy new businesses. Their recommendations are based on practical experience in managing the problems of new business creation and many years of helping others see the future more clearly. Distilled from hands-on work, this book gets you started today on creating your own reciprocity advantage.

Quicklet on Marti Olsen Laney's The Introvert Advantage: How to Thrive in an Extrovert World

Jul 22 2021

ABOUT THE BOOK

“We are ripe for a cultural shift toward the okayness of introversion. It’s all right for us to stop trying to fit in and to “shape up”.“ Dr. Marti Olsen Laney started research on introversion after realizing that she was an introvert. In an interview on Synaptic Success, Dr. Laney says that she combined research and her experience with introverted clients, who often had similar characteristics. Dr. Laney wrote this book primarily for an audience of introverts. In the Overture to her book, she writes that she wants to help introverts understand themselves and reassure them that they are not alone. However, extroverts may also find the book helpful in understanding their introverted friends and family members. Extroverts may discover and develop the self-reflective qualities of introverts. MEET THE AUTHOR Taryn Nakamura was born and raised in Hawaii, where she's recently returned after receiving a B.A. in English at Yale University. As a writing concentrator at Yale, she focused on fiction, but as a Hyperink writer, she's learned that nonfiction can also be fun. In her free time, she likes to run at a walking pace, haunt libraries, and eat pickles. EXCERPT FROM THE BOOK Temperament has a genetic basis. Jung believed that diversity along the introversion and extroversion continuum had evolutionary advantages because there was balance among types of personalities. Introverts’ and extroverts’ brains function in different ways. In PET scans, introverts showed more blood flow to
their brains. Introverts' blood traveled a complex pathway to parts of the brain responsible for memory, problem solving, and planning. Extroverts’ blood flowed primarily by a shorter, simpler pathway to areas responsible for sensory processing. The pathway that extroverts use requires a neurotransmitter called dopamine. The dopamine circuit is a reward circuit and it is related to movement and learning. Extroverts have a low sensitivity to dopamine and need more dopamine to feel good. Extroverts also need adrenaline to make more dopamine...

Beyond Competitive Advantage Nov 25 2021 Your company is turning in regular profits every year, and its market share is only getting bigger. Competitors can’t touch you. So why is your stock price so sluggish? The answer is as simple as it is cruel: investors aren’t interested in history, and they already know you’re profitable and competitive—that knowledge is baked into your stock price. The hard reality is that a competitive advantage just isn’t enough. Investors want companies to surprise them with unexpected value, which means that you can outperform market expectations only if you as a leader know how to find, create, and deliver a series of multiple competitive advantages. This is why a corporate theory is so important. A good corporate theory provides a compass for those at the strategic helm, guiding their decisions about what assets and activities to pursue, what investments to make, and what strategies to adopt. Behind every long-term corporate success story lies a basic theory about how that company creates value. In Beyond Competitive Advantage, strategy professor Todd Zenger describes what makes a great corporate theory and helps readers understand the many tensions and trade-offs they’ll face as they apply the theory to meet the challenge of market expectations. Based on years of research and analysis, Beyond Competitive Advantage provides managers and executives with a framework for both sustaining value and creating growth.

The New Advantage: How Women in Leadership Can Create Win-Wins for Their Companies and Themselves Apr 06 2020 Offering both a male and female perspective on the dilemmas women face in business, this book provides the benefits of high-level executive coaching to all women who want to take control of their careers and achieve their aspirations for corporate leadership. • Addresses the myriad obstacles and dilemmas women leaders face as they climb the corporate ladder, from the Demeanor Dilemma (the no-win situation of being in a society that expects women to be feminine and a workplace that rewards masculine traits) to the Advancement Dilemma (finding the trap doors in the glass ceiling to move up) • Supplies advice from more than 100 accomplished executives who participated in the authors' research, including several of Fortune's 50 Most Powerful Women • Presents insights and wisdom gained from the authors' combined executive coaching experience, bringing readers real-world specifics, lessons learned, and cautionary tales about what helps women advance in corporate settings • Supplies strategies and solutions accompanied by practical exercises and examples that women can use to their advantage

Network Advantage Jun 01 2022 Companies made more than 42,000 alliances over the past decade worldwide, many of which failed to deliver strong results. This book explains why and how you can seize the benefits from your business’s network of alliances with customers, suppliers and competitors. This network can provide three key advantages: • superior information • better cooperation • increased power

Network Advantage shows how awareness of these three advantages can help align your portfolio of alliances with your corporate strategy to maximize advantages from existing networks and to position your business as an industry leader. This book is written by three leading authorities in the field of organizational management who work with many international corporate clients. Based on groundbreaking research and illustrative cases, it provides practical tools to help you think strategically about reconfiguring your alliances and partnerships. For business executives, consultants, and executive MBAs who want to get the most advantage from the
combined power of their alliance portfolios, Network Advantage offers in-depth, practical guidance. Make it your first strategic connection to gaining competitive advantage! Companies’ connections to other firms—their network of alliances—matter for economic success. In this practical, jargon-free, evidence-based book, three experienced scholar/educators provide practical tools to understand your company’s network positioning and what to do to build webs of relationships that provide competitive advantage and economic value. —Jeffrey Pfeffer, professor, Graduate School of Business, Stanford University and co-author of The Knowing-Doing Gap. The book, Network Advantage, presents compelling ideas and is a must-read. It articulates three different perspectives to think about a firm’s network advantage and shows how a firm can maximize the value of its alliance network. The book is filled with theoretical and practical insights on the topic and offers captivating case studies to illustrate its key points. It is fun to read. I highly recommend this book. —W. Chan Kim, The BCG Chair Professor of INSEAD and the Co-director of the INSEAD Blue Ocean Strategy Institute In this eminently researched book, the authors show how executives and entrepreneurs alike can unlock the value of alliances. And the book comes with some "secrets" to success that most managers overlook. Every CEO, executive and entrepreneur who are collaborating with other firms ought to read this book. —Morten T. Hansen, Professor at University of California at Berkeley, author of Collaboration and co-author of Great by Choice. Don’t compete alone! “Network Advantage” provides a fresh perspective on how all firms can benefit from their alliances and partnerships. The authors seamlessly integrate academic research and real life examples into a practical step by step guide for unleashing the power, information and cooperation advantages available in networks. A must read for thoughtful executives and entrepreneurs alike. —Stein Ove Fenne, President, Tupperware U.S. & Canada Having the "right" business network is everything for a company's success in Asia and worldwide. With its rich cases and practical tools, this book is an indispensable guide for a thoughtful executive on how to design, build and manage a network that will make your firm globally competitive. —Yong-Kyung Lee, Former CEO of Korean Telecom, Member of the Korean National Assembly. Alliances and Partnerships, in their various formats and guises, are the bridges that allow businesses to thrive in their ecosystems by leveraging each other's strengths. The authors show how those bridges, when used appropriately, can help your firm create an alliance network to enhance your business power. The book contains many examples and models to help you shape your own alliance strategy in a world of ever increasing co-opetition. —Ricardo T. Dias, Strategic Alliances Director, Hewlett Packard (HP) Software, Asia Pacific & Japan

The Female Advantage Nov 01 2019 Now in Currency paperback -- Sally Helgesen's classic study of female leaders and how their strategies represent a highly successful revision of male leadership styles. Sixty thousand copies in print! In her bestselling 1990 book, Sally Helgesen discovered that men and women approach work in fundamentally different ways. Many of these differences hold distinct advantages for women, who excel at running organizations that foster creativity, cooperation, and intuitive decision-making power, necessities for companies of the twenty-first century. Helgesen's findings reveal that organizations run by women do not take the form of the traditional hierarchical pyramid, but more closely resemble a web, where leaders reach out, not down, to form an interrelating matrix built around a central purpose. The strategy of the web concentrates power at the center by drawing others closer and by creating communities where information sharing is essential. She presents her findings through unique, closely detailed accounts of four successful women business leaders -- Frances Hesselbein of Girl Scouts USA, Barbara Grogan of Western Industrial Contractors, Nancy Badore of Ford Motor Company's Executive Development Center, and Dorothy Brunson of Brunson Communications. Helgesen observes their meetings, listens to their phone calls and conferences, and reads their correspondence. Her "diary studies" document how women
leaders make decisions, schedule their days, gather and disperse information, motivate others, delegate tasks, structure their companies, hire, and fire. She chronicles how their experiences as women -- wives, mothers, friends, sisters, daughters -- contribute to their leadership style.

The Advantage of Disadvantage

Aug 30 2019

The Advantage of Disadvantage provides insights for scholars and activists into how marginalized groups gain representation through protest. Drawing on formal theory, surveys, and quantitative data, the book presents an interdisciplinary analysis of representation, inequality, and digital activism.
